Transforming Globalization - Challenges and Opportunities ...

Globalization can contribute to a decline in job opportunities as companies move their production facilities overseas. Forbes reports that the move toward globalization has led to deindustrialization throughout the United States, which was once home to many more factories and auto plants. When American companies move their production to China and other countries with plentiful, cheap labor, American workers suffer under factory closures, layoffs, and skyrocketing unemployment rates where ...

This book reveals the challenges the movement faces in its effort to transform globalization, emphasizing the inherent tensions in working both in, and against, the market. It explores Fair Trade ' s recent rapid growth into new production regions, market arenas, and commodity areas through case studies of Europe, North America, Africa, and Latin America undertaken by prominent scholars in each region.

Fair Trade: The Challenges of Transforming Globalization ...

Globalization is transforming business. As education and intellectual property service enterprises, PSEs are affected by globalization in their core " lines of business " just as for-profit enterprises are. Globalization is especially affecting the education part of PSEs ' business. Post-secondary students around the world are interested in enrolling in institutions outside their native land, resulting in increasing flows of international students both into and out of Canada.
