UNLIMITED POWER is a guidebook to superior performance in an age of success.

For all people in search of the knowledge and courage to remake their lives and achieve their dreams, this inspirational calendar presents 365 daily reminders and suggestions.

ABOUT THE ORIGINAL BOOK: In his book, Anthony Robbins presents his basic theory of the power of attitude and individual thought. The theory states that the essential problem of people is not in the circumstances that they live with, but in the vital attitude which they assume. "Life will pay any price you ask," says the author, but then clarifies that it is necessary to give our best in any activity that we engage in. The quest for success is to know exactly what one aspires to achieve and then moving on with the action plan that allows that desire to be fulfilled. "Unlimited Power" shows you the steps that you must take on the path that will guarantee the success and achievement of your goals. It is a guide for your actions that will bring you to a good life.

Presents a motivational program for African Americans to train the mind so they can overcome societal roadblocks to achieve empowerment and the life of their dreams.

getAbstract Summary: Get the key points from this book in less than 10 minutes. Do you want to take control of your life, abolish your limitations and achieve your most elusive goals? Anthony Robbins teaches you how to do just that. You'll learn how your brain processes information and how to manipulate that process to your advantage. You'll explore the science of "Neuro-Linguistic Programming" (NLP), the study of human neurology, so you can analyze and duplicate your successes. Robbins uses NLP extensively, although many experts debunk it. He explains that the best path to success is to find an accomplished person, discover his or her strategies for becoming successful, and duplicate that process. He also weighs in on how to keep your weight down, communicate and eliminate bad habits. By the way, he cautions against skimming this book to separate the self-help wheat from the chaff. Instead, he encourages you to read every page and perform every exercise. This is not easy because he explains each concept at least two or three ways. However, Robbins has a big following and is clearly onto something; getAbstract thinks you might want to find out just what. This book is a good place to start if you seek a personal achievement makeover. Book Publisher: Copyright 1986 by Robbins Research Institute. Reprinted by permission of Free Press, a division of Simon & Schuster, Inc. N.Y.

WHAT GOOD IS INSPIRATION IF IT'S NOT BACKED UP BY ACTION? Based on the finest tools, techniques, principles, and strategies offered in *Awaken the Giant Within*, best-selling author and peak performance consultant Anthony Robbins offers daily inspirations and small actions -- exercises -- that will compel you to take giant steps forward in the quality of your life. From the simple power of decision-making to the more specific tools that can redefine the quality of your relationships, finances, health, and emotions, Robbins shows you how to get maximum results with a minimum investment of time.

Now updated with new material, *Notes from a Friend* is a concise and easy-to-understand guide to the most powerful and life-changing tools and principles from Tony Robbins, bestselling author and an international leader in peak performance. Starting in 1991, a self-published version of this book has been handed out to thousands of people in need, as part of the Tony Robbins Foundation's Thanksgiving "Basket Brigade." The book helped so many individuals overcome the most challenging circumstances that people repeatedly asked to purchase it for themselves and for their friends. Now, for the first time, it is available to you in this special, updated edition containing new material. Buy this book and you change a life. Read this book and you'll change your own.
