Today, newspapers and magazines publish writing very similar in substance, style and structure. Writing Opinion for Impact will therefore be valuable to students of opinion and editorial writing, critical writing, and personalized feature and column writing for newspapers and magazines alike.

The Art of Opinion Writing is a highly educational guidebook featuring advice from op-ed columnists who are winners of the Pulitzer Prize and many of journalism's highest awards. This book won a category First Place in the 2014 New England Book Festival. Featured columnists represent both liberal and conservative commentary. In their own words, they share motivations, what has sustained and contributed to career longevity, as well as techniques and strategies for writing outstanding commentary. Specialties within opinion writing are examined, such as politics, foreign affairs, pop culture, race, gender, education, investigative, and spiritual op-ed perspectives. Aspiring columnists will be encouraged by the variety of personalities and approaches. This book is used in national and international university journalism courses, such as Johns Hopkins University and Bennett University in New Delhi, India. This book has a Chinese translation and used in university courses in China.

Want to write an outstanding opinion piece? Follow these steps to write a commentary, letter to the editor, review, or other opinion piece. Learn how to select a topic, gather supporting facts, organize your thoughts, revise your work, and more!

Analysis of concurrent opinion writing by Supreme Court justices.

Punctuated by marches across the United States in the spring of 2006, immigrant rights has reemerged as a significant and highly visible political issue. Immigrant Rights in the Shadows of U.S. Citizenship brings prominent activists and scholars together to examine the emergence and significance of the contemporary immigrant rights movement. Contributors place the contemporary immigrant rights movement in historical and comparative contexts by looking at the ways immigrants and their allies have staked claims to rights in the past, and by examining movements based in different communities around the United States. Scholars explain the evolution of immigration policy, and analyze current conflicts around issues of immigrant rights; activists engaged in the current movement document the ways in which coalitions have been built among immigrants from different nations, and between immigrant and native born peoples. The essays examine the ways in which questions of immigrant rights engage broader issues of identity, including gender, race, and sexuality.

Self-regulated learning (or self-regulation) refers to the process whereby learners personally activate and sustain cognitions, affects, and behaviours that are systematically oriented toward the attainment of learning goals. This is the first volume to integrate into a single volume all aspects of the field of self-regulation of learning and performance: basic domains, applications to content areas, instructional issues, methodological issues, and individual differences. It draws on research from such diverse areas as cognitive, educational, clinical, social, and organizational psychology. Distinguishing features include: Chapter Structure — To ensure uniformity and coherence across chapters, each chapter author addresses the theoretical ideas underlying their topic, research evidence bearing on these ideas, future research directions, and implications for educational practice. International — Because research on self-regulation is increasingly global, a significant

number of interntional contributors are included (see table of contents). Readable – In order to make the book accessible to students, chapters have been carefully edited for clarity, conciseness, and organizational consistency. Expertise – All chapters are written by leading researchers from around the world who are highly regarded experts on their particular topics and are active contributors to the field.
