An internationally bestselling comic novel in which a man—with the help of a bunny—suddenly realizes what’s important in life “Escapism at its best . . . Just pure fun.” –NPR.org
“Which of us has not had that wonderfully seditious idea: to play hooky for a while from life as we know it?” With these words from his foreword, Pico Iyer puts his finger on the exhilaratingly anarchic appeal of The Year of the Hare, a novel in the bestselling tradition of Watership Down, Jonathan Livingston Seagull, and Life of Pi. While out on assignment, a journalist hits a hare with his car. This small incident becomes life-changing: he decides to quit his job, leave his wife, sell his possessions, and spend a year wandering the wilds of Finland—with the bunny as his boon companion. What ensues is a series of comic misadventures, as everywhere they go—whether chased up a tree by dogs, or to a formal state dinner, or in pursuit of a bear across the Finnish border with Russia—they leave mayhem (and laughter!) in their wake.

The car Vatanen is riding in accidentally hits a young wild hare. Vatanen finds the injured hare and starts walking, leaving the dissatisfaction with his former life behind. Travelling through forests and seasons, the hare slowly heals, as does Vatanen. This is a picaresque tale of finding happiness, simplicity and meaning where there was none.

"This resilient heroine embodies the evolution of feminism in a male-dominant society, making this a poignant story for our time." –Emily Park, Booklist
starred review "Daring and unputdownable." –Jenny Hollander, Marie Claire
The Hare is an affecting portrait of Rosie Monroe, of her resilience and personal transformation under the pin of the male gaze. Raised to be obedient by a stern grandmother in a blue-collar town in Massachusetts, Rosie accepts a scholarship to art school in New York City in the 1980s. One morning at a museum, she meets a worldly man twenty years her senior, with access to the upper crust of New England society. Bennett is dashing, knows that “polo” refers only to ponies, teaches her which direction to spoon soup, and tells of exotic escapades with Truman Capote and Hunter S. Thompson. Soon, Rosie is living with him on a swanky estate on Connecticut’s Gold Coast, naively in sway to his moral ambivalence. A daughter – Miranda – is born, just as his current con goes awry forcing them to abscond in the middle of the night to the untamed wilderness of northern Vermont. Almost immediately, Bennett abandons them in an uninsulated cabin without a car or cash for weeks at a time, so he can tend a teaching job that may or may not exist at an elite college. Rosie is forced to care for her young daughter alone, and to tackle the stubborn intricacies of the wood stove, snowshoe into town, hunt for wild game, and forage in the forest. As Rosie and Miranda’s life gradually begins to normalize, Bennett’s schemes turn malevolent, and Rosie must at last confront his twisted deceptions. Her actions have far-reaching and perilous consequences. An astounding new literary thriller from a celebrated author at the height of her storytelling prowess, The Hare bravely considers a woman’s inherent sense of obligation – sexual and emotional – to the male hierarchy, and deserves to be part of our conversation as we reckon with #MeToo and the Brett Kavanaugh Supreme Court confirmation hearing. Rosie Monroe emerges as an authentic, tarnished feminist heroine. "With The Hare, Melanie Finn has written a powerful story of female perseverance, strength, and resilience. This book has rare qualities: beautiful writing while being absolutely unputdownable, and I will be pressing it into the hands of every reader I know." –Claire Fuller, author of Bitter Orange, Our Endless Numbered Days, and Swimming Lessons

An exquisite, full colour country almanac by artist Catherine Hyde, following the phases of the moon and a hare's journey throughout the twelve months of the year in a lyrical tribute to the natural world. Waking from the winter solstice a hare begins her journey. Through the landscape and its changing seasons, moving in harmony with the moon. Atmospheric and gorgeous paintings show the hare running in January, watching in February, leaping in March, until it comes full circle, sleeping in December. Twelve double page paintings of the hare's journey are accompanied by full pages of art, showing a tree, a flower and a bird for each month of the year. This rich celebration of flora, fauna and country life includes hawthorn and cowslips, swallows, blackbirds, buzzards and owls, harebells, holly, olive, rowan, poppies and much more. Titbits of text – folklore, fairytale, myth and legend complement the art complete this desirable gift book. This richly illustrated ebook is made in a fixed format layout to preserve the integrated text and colour images. Recommended devices that support this file include iPad, iPhone, Google Nexus and Kobo Arc. Two adorable animal pals embark on a quietly humorous adventure of fishing and friendship in this start to a new picture book series from Emily Gravett. Friends Bear and Hare are going fishing. While Hare is putting together a picnic, Bear enthusiastically fishes.a hat. Then...a roller skate. Will Bear ever hook an actual fish? Maybe a little help from Hare can turn things around. Told and illustrated with Emily Gravett’s characteristic flair, this picture book for young readers is the perfect companion to friends of all sorts.

WHEN BLOCH, a popular London novelist, starts writing a fictionalized story featuring his unremarkable friend Oscar, the invented details from the story start to come true. Gradually, Oscar embarks on a surreal odyssey into fame, while Bloch descends into the dark places of his soul. Oscar falls in love with Najette, a bewitching painter, but their relationship hangs in the balance as his myth balloons out of all proportion. At the centre of the hype and spin stands the demon-like publicist Ryan Rees, whose power enables him to manufacture the truth, and the story builds to an unforgettable, startling climax...

An exasperated hare and plucky squirrel engage in a battle of wits to determine who's who in this hilarious author-illustrator debut for fans of I Yam a Donkey and Grumpy Monkey. When a chipmunk mistakes Hare for a rabbit, Hare puts him in his place. But actually, the chipmunk is a SQUIRREL. Or so he says. Ever wondered about the difference between a turtle and a tortoise? Or a sheep and goat? So have Rabbit and Chipmunk--er, I mean, Hare and Squirrel! This hilarious look at dynamic duos in the animal kingdom pokes fun at the lookalike animals we all love, while delivering a gentle lesson on appreciating differences and standing up for what you know to be true about yourself.

A celebration of the hare, covering its role in nature and its appearances in myth and legend Elusive, ethereal, and evocative--the hare permeates our consciousness like no other creature. Despite facing ever-increasing environmental pressures, it still retains its ability to both delight and confound in equal measure. Published in conjunction with The Hare Preservation Trust, this book offers a unique insight into this most fascinating of creatures; from its place in nature to its many appearances in art and literature. With never before published scientific research and original artwork from Jackie Morris this is a unique and long overdue look at the hare in all its many guises.

A New York Times Bestseller An Economist Book of the Year Costa Book Award Winner for Biography Galaxy National Book Award Winner (New Writer of the Year Award) Edmund de Waal is a world-famous ceramicist. Having spent thirty years making beautiful pots--which are then sold, collected, and handed on--he has a particular sense of the secret lives of objects. When he inherited a collection of 264 tiny Japanese wood and ivory carvings, called netsuke, he wanted to know who had touched and held them, and how the collection had managed to survive. And so begins *The Hare with Amber Eyes*, this extraordinarily moving memoir and detective story as de Waal discovers both the origins of the netsuke and of his family, the Ephrussi, over five generations. A nineteenth-century banking dynasty in Paris and Vienna, the Ephrussi were as rich and respected as the Rothschilds. Yet by the end of the World War II, when the netsuke were hidden from the Nazis in Vienna, this collection of very small carvings was all that remained of their vast empire. "To be handed a story as durable and exquisitely crafted as this is a rare pleasure. . . . This book is impossible to put down. You have in your hands a masterpiece." --The Sunday Times (London)

Most people are both repelled and intrigued by the images of cold-blooded, conscienceless murderers that increasingly populate our movies, television programs, and newspaper headlines. With their flagrant criminal violation of society's rules, serial killers like Ted Bundy and John Wayne Gacy are among the most dramatic examples of the psychopath. Individuals with this personality disorder are fully aware of the consequences of their actions and know the difference between right and wrong, yet they are terrifyingly self-centered, remorseless, and unable to care about the feelings of others. Perhaps most frightening, they often seem completely normal to unsuspecting targets--and they do not always ply their trade by killing. Presenting a compelling portrait of these dangerous men and women based on 25 years of distinguished scientific research, Dr. Robert D. Hare vividly describes a world of con artists, hustlers, rapists, and other predators who charm, lie, and manipulate their way through life. Are psychopaths mad, or simply bad? How can they be recognized? And how can we protect ourselves? This book provides solid information and surprising insights for anyone seeking to understand this devastating condition.
